

State of the Young Child in Transylvania County

December 2015

Birth and Infant Health Outcomes, per 1,000 births

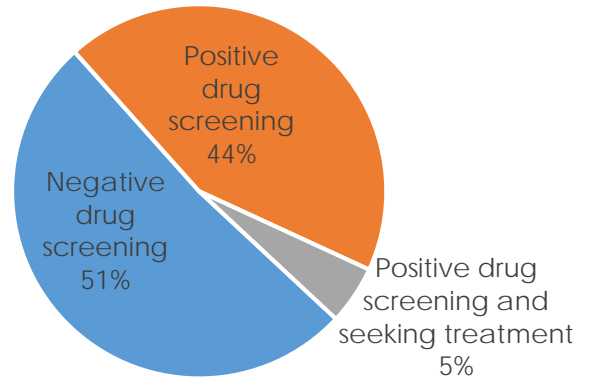

51% of children ages 1-5 with Medicaid **do not use any dental services.**

Typical wait time for dental care at Brevard Health Center is **90 days.**

17 of 35 infants enrolled in Care Coordination for Children were undergoing treatment for opiate withdrawal symptoms. That's a rate of 4,560 per 100,000, or more than 7 times the statewide rate of 620 per 100,000 births.

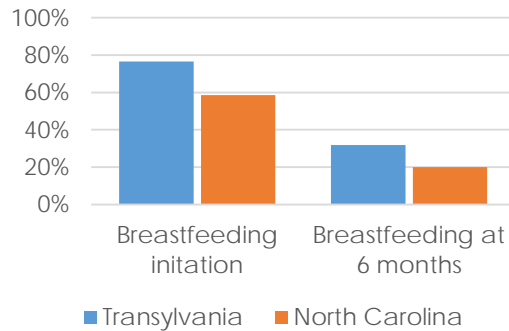

Drug Screening Results Among Pregnancy Care Management Clients

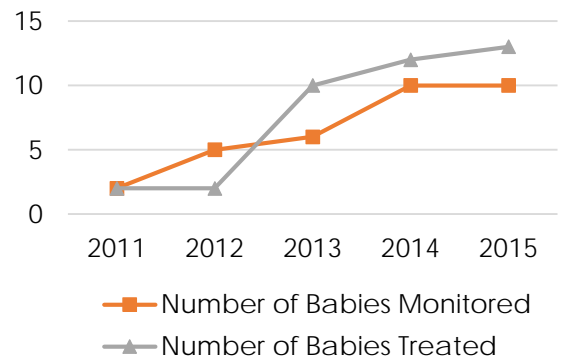

- 43 children in foster care; 10 are 0-5 years old (2015)
- 9 children removed from homes for abuse or neglect (2013-2014)
- 25 incarcerated parents among children with open cases

8.8% of children had no health insurance in 2013, compared to 7.4% of children statewide

Breastfeeding Rates Among WIC Participants

Babies Monitored and Treated for Neonatal Substance Addiction by Year, 2011-2015

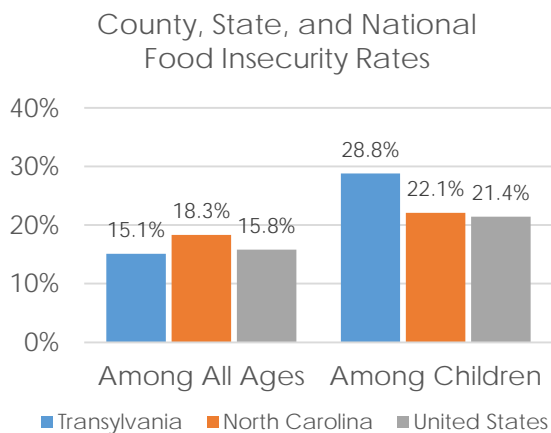

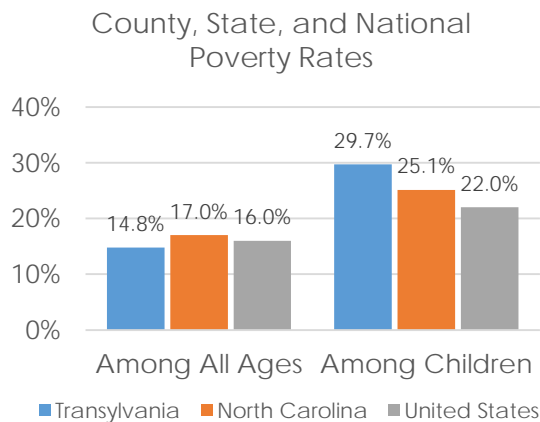

83% of children up to date on vaccinations (or in compliance but late receiving some) exceeding state goal of 76% for 2015

A household with two adults and two children would need **both adults** to earn an **hourly rate of \$13.96** (almost 300% the poverty rate) to live without assistance.

County median income: \$22,034
State median income: \$27,425

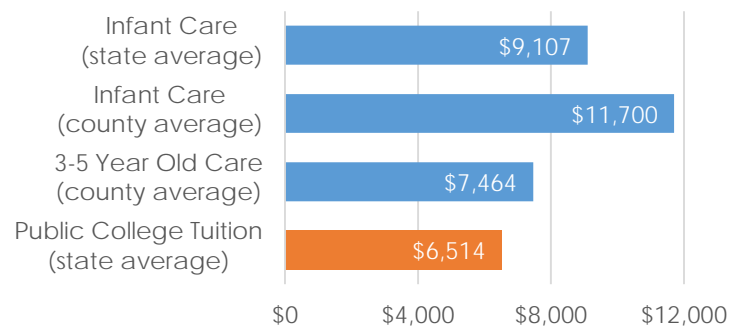

County median household income: \$41,952
State median household income: \$46,556

18 homeless children under age 18
