

# Broadband Internet Access

This map shows the percent of each county's households that were fully served by broadband internet- defined as 100mbps download and 20 mbps upload speeds with latency less than or equal to 100 milliseconds- as of June 2023.  
 Source: Department of Information Technology.

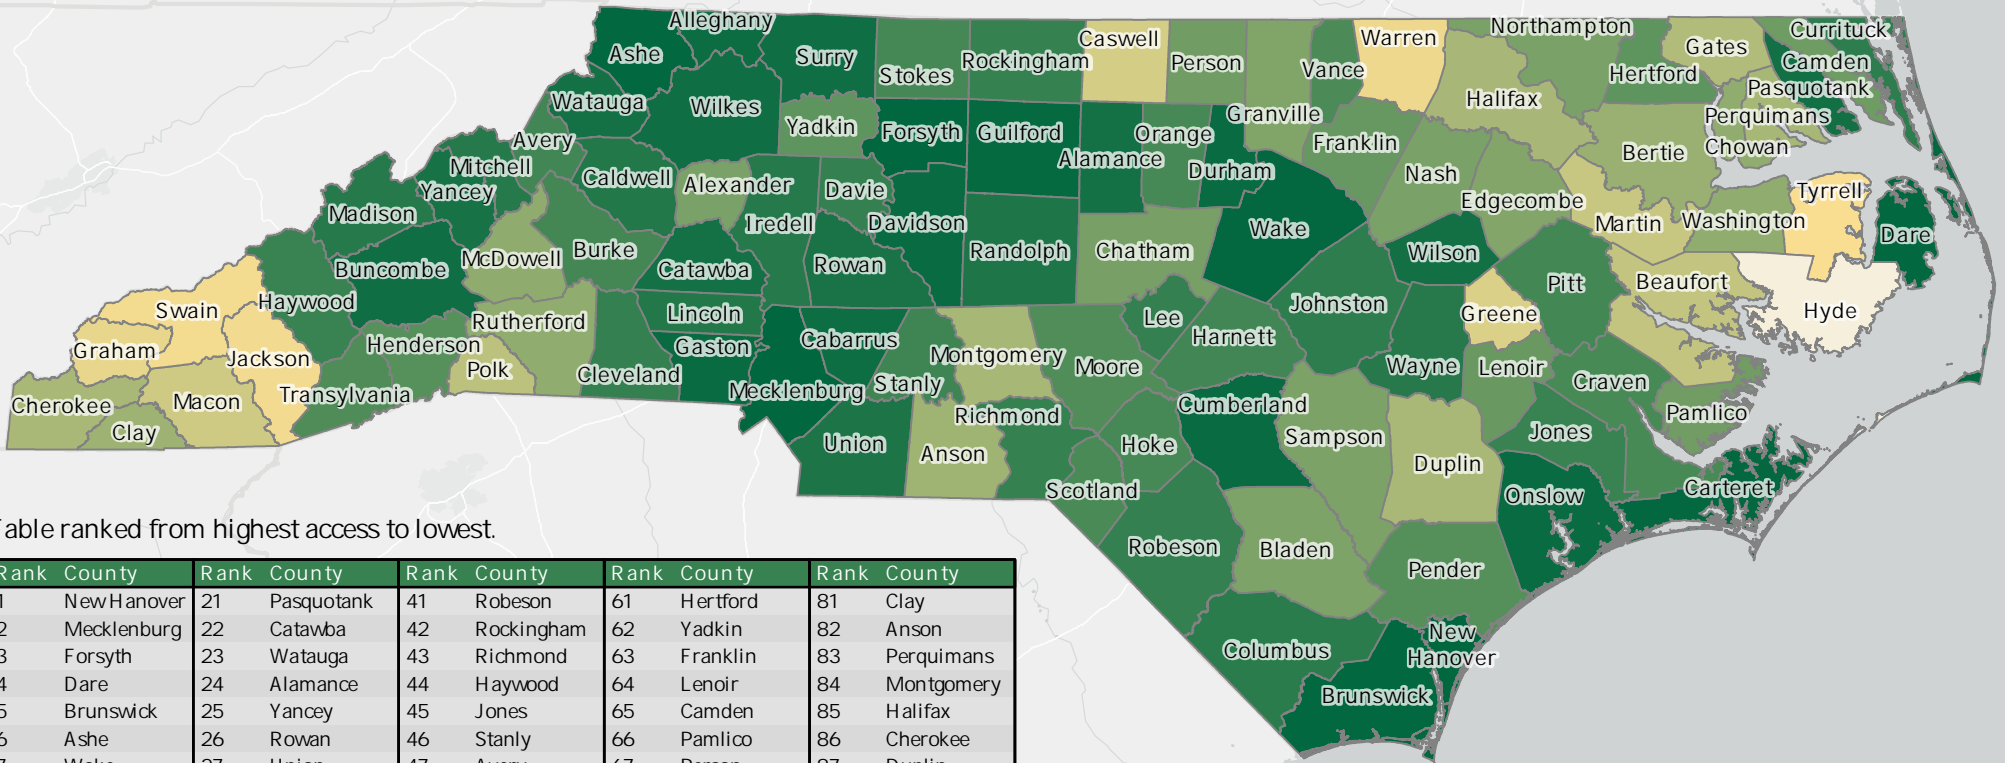

Table ranked from highest access to lowest.

Rank	County	Rank	County	Rank	County	Rank	County	Rank	County
1	New Hanover	21	Pasquotank	41	Robeson	61	Hertford	81	Clay
