# NC Summit on Reducing Overdose

March 9-11, 2027 • Raleigh Convention Center • Wake County, NC

The North Carolina Association of County Commissioners (NCACC) is excited to announce an event that will bring together local government leaders, subject matter experts, service providers, community partners, and people with lived experience working to respond to the opioid overdose epidemic. Attendees will have the opportunity to learn from experts and each other at this two-and-a-half-day conference in Wake County, NC.

## WHY ATTEND?

The Summit is a timely opportunity to share ideas and lessons learned about planning, implementing, evaluating, and reporting on strategies to reduce opioid overdose. At the 2025 NC Summit on Reducing Overdose, attendees loved the keynote speakers, breakout sessions, and opportunities to network. Summit attendees were able to make lasting connections with others also engaged in similar work.
